

NEW generation **hard-wearing** floor lacquer

JUNCKERS STRONG PREMIUM

A single pack floor lacquer for use in high traffic commercial and residential areas.

A future-proof lacquer that meets the newest health and safety requirements and therefore replaces Strong and StrongPlus.

Contact your local distributor to get details on Junckers Strong Premium campaign and be one of the first to try this improved floor lacquer.

- ✓ Toughest 1-pack polyurethane floor lacquer on the market
- ✓ Excellent clarity also on dark coloured floors
- ✓ Improved flow and levelling properties for a beautiful finish and uniform sheen
- ✓ Tested with outstanding results by several of Junckers contractors.
- ✓ Non yellowing
- ✓ Indoor climate certified. Ensures that there are no chemical substances in the lacquer affecting the air quality of the room

JUNCKERS
Walking on Danish design

Available from **June 2017**

Easy and Fast...

1. Ready to use - just shake or stir before use.
2. Economical and convenient - no hardener to add, and less waste.
3. Fast drying and curing, so ensuring minimal "down time".
4. Drying time is approx. 1-2 hours and the floor is ready for light traffic after 3 hours.
5. Available in package size of 5 litre cans and in Ultra matt, Matt and Silk matt finishes.

Strong Premium is part of the Junckers Coatings Range

Use it together with our Prelak, Baseprime or Proseal primers when treating fully sanded floors.

Use it to maintain floors already coated with one of our water based top lacquers

Choose the right top lacquer
